BRIEF SUMMARY

I am Fahadh Nawaz, a software engineer with a passion for building innovative and user-friendly products. I have expertise in React Native, MERN stack, UI/UX design, and server-side development. I have hands-on experience in creating responsive websites and cross-platform mobile apps. I'm passionate about continuous learning and eager to contribute to impactful projects in the industry.

Skills

Java | MongoDB | Node.js | Express.js | React.js | React Native | Figma | TypeScript | JavaScript | Data Structures | Algorithms | HTML | CSS | Sass | Pl/Sql | SQL | Oracle Database | MySQL

Experience

Solar secure solutions   **09 Jan, 2023 - 09 Mar, 2023**

Key Skills: React.js | Node.js | MongoDB | Express.js | HTML | CSS | Javascript

During my two-month internship from January 09, 2023, to March 09, 2023, I successfully completed various project modules and tasks assigned to me. I actively utilized my skills in HTML, CSS, JavaScript, and Node.js to develop visually appealing web pages and applications. Additionally, I gained experience in server-side development using Node.js, building scalable and efficient applications.

Aerus Consultancy Services   **16 May, 2019 - 25 Jun, 2019**

Key Skills: HTML | CSS | Java

During my internship at Aerus, I contributed to the development of the HTML and CSS components for their online banking system. Working closely with the design team, I transformed design concepts into responsive and visually appealing web pages, ensuring a seamless user experience.

Education

SIES Graduate School of Technology   **2020 - 2024**

B.E. - Computer Engineering | Pursuing

Dy patil polytechnic   **2021**

Diploma | Diploma - Information Technology - Information Technology | MSBTE | Percentage: 91.88 / 100.00

St Xaviers high school   **2017**

10 th | ssc | Percentage: 77.80 / 100.00

Projects

House help app   **10 Jan, 2023 - 07 Apr, 2023**

Key Skills: React Native | Express.js | Node.js | MongoDB | Figma | Javascript

Developed a mobile app using React Native, MongoDB, Node.js, and Express.js, providing users with a convenient platform to hire local services. The app featured intuitive UI/UX design using Figma and ensured efficient data storage and management.

House help website   **01 Sep, 2022 - 01 Nov, 2022**

Key Skills: HTML | CSS | ReactJS | Firebase | Javascript

The Household Management Website, a college project, utilized HTML, CSS, React.js, Firebase, and JavaScript to create a user-friendly platform for hiring local services. It featured responsive components, intuitive design, and interactive functionalities like real-time updates and booking capabilities

Authors View   **10 Dec, 2022 - 24 Dec, 2022**

Key Skills: SQL | MySQL Database | Node | Express | HTML | CSS

Author's View is a powerful project management tool that empowers authors to effortlessly organize and centralize their characters, story arcs, and locations for streamlined storytelling.

Certifications

- .React - The Complete Guide (incl Hooks, React Router, Redux)
- Node.js, Express, MongoDB & More: The Complete Boot Camp 2023)
- React Native - The Practical Guide [2023]
- The MERN Fullstack Guide - React, NodeJS, Express & MongoDB
- Understanding typescript - udemy
- .Java data structure and algorithm - udemy
- pl/sql bootcamp - from beginner to advance - udemy.
